I, the parent/guardian of the above named participant, hereby give my approval of their participation in any and all of the activities of the Milford Recreation Department during the current year. I assume all risks and hazards incidental to the conduct of the activities and transportation to and from activities. In case of injury to my child, I do further hereby release, absolve, indemnify, hold harmless and waive all claims against the Milford Recreation Department. I hereby give the Milford Recreation Coaches my permission to seek medical attention in the event of any injury to my child. I hereby state I have received and read the Concussion Fact Sheet from the Milford Recreation Department. I likewise release from any responsibility any of the coaches appointed by them and any person transporting my child to or from the activities.

Purple Socks: \$7.00

Sock Size: SMALL (shoe size 1-4) MEDIUM (Men's size 4 ½ - 7 ½)
LARGE (Men's size 8-13) Quantity____

A Fact Sheet for PARENTS

WHAT IS A CONCUSSION?

A concussion is a type of traumatic brain injury. Concussions are caused by a bump or blow to the head. Even a “ding,” “getting your bell rung,” or what seems to be a mild bump or blow to the head can be serious.

You can’t see a concussion. Signs and symptoms of concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If your child reports any symptoms of concussion, or if you notice the symptoms yourself, seek medical attention right away.

WHAT ARE THE SIGNS AND SYMPTOMS OF A CONCUSSION?

Signs Observed by Parents or Guardians

If your child has experienced a bump or blow to the head during a game or practice, look for any of the following signs and symptoms of a concussion:

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows mood, behavior, or personality changes

Symptoms Reported by Athlete

- Headache or “pressure” in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light
- Sensitivity to noise
- Feeling sluggish, hazy, foggy, or groggy
- Concentration or memory problems
- Confusion
- Just “not feeling right” or “feeling down”

HOW CAN YOU HELP YOUR CHILD PREVENT A CONCUSSION OR OTHER SERIOUS BRAIN INJURY?

- Ensure that they follow their coach’s rules for safety and the rules of the sport.
- Encourage them to practice good sportsmanship at all times.
- Make sure they wear the right protective equipment for their activity. Protective equipment should fit properly and be well maintained.
- Wearing a helmet is a must to reduce the risk of a serious brain injury or skull fracture.
 - However, helmets are not designed to prevent concussions. There is no “concussion-proof” helmet. So, even with a helmet, it is important for kids and teens to avoid hits to the head.

WHAT SHOULD YOU DO IF YOU THINK YOUR CHILD HAS A CONCUSSION?

1. SEEK MEDICAL ATTENTION RIGHT AWAY.

A health care professional will be able to decide how serious the concussion is and when it is safe for your child to return to regular activities, including sports.

2. KEEP YOUR CHILD OUT OF PLAY.

Concussions take time to heal. Don’t let your child return to play the day of the injury and until a health care professional says it’s OK. Children who return to play too soon—while the brain is still healing—risk a greater chance of having a repeat concussion. Repeat or later concussions can be very serious. They can cause permanent brain damage, affecting your child for a lifetime.

3. TELL YOUR CHILD’S COACH ABOUT ANY PREVIOUS CONCUSSION.

Coaches should know if your child had a previous concussion. Your child’s coach may not know about a concussion your child received in another sport or activity unless you tell the coach.

It’s better to miss one game than the whole season.

For more information, visit www.cdc.gov/Concussion.

CONCESSION STAND

The concession stand will be parent/guardian operated for the 2018 season. A link will be e-mailed with available time slots for the concessions. You are responsible to pick a time that will work with your schedule. If you do not sign up for a time your name will be placed in an empty time slot during the season. If you cannot work your scheduled time it is your responsibility to find a replacement for your shift. Once all time slots are accounted for a Master schedule will be made up along with a master telephone list and distributed to all parents.

REGISTRATION DATES & FEES:

Registration Open: January 1, 2018-January 28, 2018
