REPORTS OF OFFICERS, BOARDS AND COMMITTEES: Written reports received were Housing Authority minutes for June 10, 2002; Planning & Zoning minutes for June 13, 2002; Police Dept. Activity Report for June 2002. <u>Cooper</u> reported that Dorchester Coop had hired Stutzman Digging to expose the discharge tube at the "A" St. Storm Sewer. The concrete work for the alley approach behind the Dairy Queen has been completed. <u>Siebken</u> reported 714 total calls for service for the month of June 2002. Officer Hull has completed the LEIN course he attended. Officers Johnson and Winkelmann have successfully completed their training at the Law Enforcement Academy. Mayor <u>Plessel</u> has given Memorial Healthcare System permission to hang a banner on the light pole at the corner of 2nd & "C" Street.

COMMUNICATIONS: Sales tax received for the month of April 2002 was \$10,296.76.

UNFINISHED BUSINESS:

Alltel, Wireless Communication Antenna/Contract: No discussion held. Sewer Back-up, Willis Heyen: Fortune had visited with Mark Frey regarding the blockage and Frey stated even with hairline roots the main cause of the problem was large amounts of grease and feminine products. After investigating the incident further the insurance company denied the claim a second time. The City cannot be responsible for what people dump down the sewer. If the insurance company denies the claim the City has no choice but to also deny the claim. A motion was made by Fortune and seconded by Cooper to deny the claim by Willis Heyen. Roll call vote: Fortune yes, Cooper yes, Burroughs yes, Neal absent. Motion carried.

Pole Buildings: Planning & Zoning minutes were submitted from the June 13, 2002 meeting. Roger Kness stated the Planning and Zoning put a lot of thought into this and are recommending to allow pole sheds with the following stipulations: Used as a utility type or garage building, frost depth 8" wide foundation wall around perimeter of building, minimum of 4" concrete floor slab inside the structure @ minimum construction standards, cannot exceed 720 sq. feet, 30 PSF wind load on the side walls and 30 PSF live load on roofs, 10'-0" eave height max, roof slope considered at time of permit application. Pole Buildings are currently allowed in zoning areas of OAG and CE. Maury Hansen noted his concern regarding the appearance of steel buildings in town. Fortune mentioned that over a period of time these buildings take a beating and questioned whether they belong in residential areas. Kness noted that people are going with various types of metal siding, which has the same appearance as the pole buildings. The City currently has no provisions for metal skin or steel buildings.

Holly Johnson with Olsson Associates arrived.

Burroughs noted that he was in favor with what the Planning & Zoning recommended.

Introduction and Adoption of Ordinance – Pole Buildings: The following ordinance was introduced by Burroughs and seconded by Cooper. ORDINANCE NO. 725

AN ORDINANCE TO RESTRICT THE CONSTRUCTION OF POLE SHEDS WITHIN THE MUNICIPALITY IN EXCESS OF 100 SQUARE FEET UNLESS SUCH STRUCTURE HAS FROST LINE PERIMETER FOOTINGS; TO PROVIDE A PENALTY FOR VIOLATION HEREOF; TO REPEAL ALL ORDINANCES AND PARTS OF ORDINANCES IN CONFLICT HEREWITH; AND TO PRESCRIBE THE TIME THIS ORDINANCE SHALL BE IN FULL FORCE AND TAKE EFFECT. (See Ordinance Record)

NEW BUSINESS:

Street Closing – Friends of the Library (2nd St. between B & C): Nancy Jantze asked the City Council to close 2nd street between B & C on July 29, 2002 from 5:00 – 9:00 pm for the Year End Summer Reading Book Fair. Friends of the Library will have booths and activities for the youth to reward them and keep them interested in reading throughout the summer. A motion was made by Burroughs and seconded by Cooper to allow the closing of 2nd street for the Book Fair. Roll call vote: Burroughs yes, Cooper yes, Fortune yes, Neal absent. Motion carried.

Set Date for Budget Work Night: Mayor and Council scheduled budget work night for Wednesday, July 24th at 6:00 pm.

Introduction and Adoption of Ordinance –Private Wells: Maury Hansen noted his concern as he intended on drilling a well for himself, but never got around to it. Now that the Council is discussing whether or not to ban further drilling of private wells he would like the Council to put a little more thought into the decision. Hansen has 1 ½ acres of ground, which takes a lot of water to keep up with the flowers and shrubs. He is currently on a dead end line and his water supply is very low when his neighbors are also watering. Hansen felt the Council has set precedence by allowing Mr. Peterson to drill a private well on a very small lot. Hansen suggested raising the annual fee to \$100.00 to offset the possibility of someone placing a private well on a small lot. He really feels the item should be tabled to a later date to allow more input from citizens. Fortune noted that Mr. Hansen had brought up some things to consider. The dead end line was something he had not thought about and also getting with DEQ to see what requirements they put on private wells in small towns. Water is going to be a very important issue in the next several years. The Council agreed to table this item to next month.

Minor Subdivision-Scott & Karen Guthrie (706 1st St.): Guthrie's are interested in selling a piece of ground to Darrell Morrow, who lives on Park Ave. Currently Morrow only has 2-3' of ground behind his home. The ground they would be selling is the piece located north of the newly developed alley measuring 90' N-S and 55'E-W. Mayor Plessel questioned whether Morrow's are definitely going to buy this piece of ground. Kness thought they were still discussing price. A motion was made by Burroughs and seconded by Cooper to approve the detachment of this property to the attachment of the adjoining property to the north. Roll call vote: Burroughs yes, Cooper yes, Fortune yes, Neal absent. Motion carried.

Beer Garden- Merlyn Davids: Mr. Davids presented an application for a special designated license for a beer garden at Sheri's Grill & Bar for August 17, 2002 from 10:00 am to 1:00 am. This would be the same setup as he has done in the past. Chief Siebken noted that Merle always does a nice job of running the beer garden. A motion was made by Fortune and seconded by Burroughs to accept the application for a special designated license for Merlyn Davids on August 17, 2002. Roll call vote: Fortune yes, Burroughs yes, Cooper yes, Neal absent. Motion carried.

Contract Amendments-Olsson Associates:

#1 Construction Phase Services for Water Main along Hwy 6: Holly Johnson with Olsson Assoc. noted that Engineering Contracts had not been signed for Construction Administration Services and Resident Construction Observation for the Hwy 6 Water Main Project. The Council discussed adding a maximum fee of \$6,093.00 to the construction phase contract to be

accountable for the project. Discussion was also held regarding the amount of time someone had to be onsite during the project and hiring someone to follow up with field-testing. A motion was made by Fortune and seconded by Burroughs to authorize the Mayor's signature of contract amendment #1 with a maximum of \$6,093.00 added to the contract for construction phase services. Roll call vote: Fortune yes, Burroughs yes, Cooper yes, Neal absent. Motion carried.

#2 Fees for Survey, Design and Const. Services for addt'l water main: No action taken on this agenda item.

Award Bids-Municipal Water System Improvements: Holly Johnson with Olsson Associates noted there were 4 bid sections: #1 was the Tank Demolition portion – L.F.W. Sandblasting was the low bidder and did acknowledge receiving Addendum No. 1. Olsson' recommend awarding the bid to L.F.W. Sandblasting and Painting in the amount of \$18,500.00. #2 was the Tank Construction. Olsson's recommend awarding the bid to Maguire Iron, Inc. with a low bid of \$440,900.00. #3 was based on three installation methods for the water main on Hwy 6 and transmission main in Welch Park. Low bidder for Bid Section III (i.e., Open trenching) was H&S Plumbing & Heating with Stutzman Digging performing the work at a bid of Low bidder for Alternate Bid Section III (i.e., Horizontal \$84,004.55. Directional Drilling) was Rogge Engineering with a bid of \$86,489.14. Low bidder for Bid Alternate "A" (both open trench and horizontal directional drilling) was Rogge Engineering with a bid of \$85,763.07. #4 includes the SCADA control system modifications. Digitech was listed as the only preapproved bidder and no bid was received. It was recommended that the City negotiate with this contractor. Discussion was held on the different methods of digging. Blevens noted that the appraisal for the ground purchase should be complete in 2 weeks. Construction easement needs to be in place along Welch Park Road (Wayne Embrey). Other permits from the State and County are being pursued. A motion was made by Fortune and seconded by Burroughs with the contingency that the plans are approved by the State Health Dept. to award Bid Section #1 to L.F.W. Sandblasting & Painting in the amount of \$18,500; Bid Section #2 to Maguire Iron in the amount of \$440,900 and Bid Section #3 to Rogge Engineering in the amount of \$86,489.14.
